TIKI

The TIKI collection redefines outdoor living by harmonizing robust engineering with an exquisitely light aesthetic.

While drawing a conceptual connection to tropical elegance, the design is defined by its technical mastery and ethereal fluidity. Slender, minimalist aluminum frames provide underlying stability, ensuring durability and lightness. This collection is a beautiful visual of lightness, where formal rigor is softened by a serene, welcoming presence, creating sophisticated outdoor environments that feel both anchored and effortlessly airy.

Where Strength Meets Lightness.
TIKI blends precise engineering with slender aluminum forms,
bringing a serene and refined character to outdoor living.

The TIKI collection balances structural strength with refined lightness, creating a calm and elegant outdoor presence.

The TIKI collection combines refined aluminum structures with a calm, lightweight aesthetic, bringing balance, durability, and quiet elegance to modern outdoor living.
